The purpose of this course is to provide the necessary training to plan and execute dives that are outside the range of depths that are experienced during an SDI Open Water Scuba Diver course, specifically beyond 60 Feet and to a maximum depth of not greater than 130 Feet. This is the same depth level achievement as in the Advanced Adventure Course and provides a way to reach that depth level without doing some of the other Advanced required dives - such as night diving.

Dive computer, slate, and surface marker buoy required. No equipment provided in cost.

Dives take place in Tavernier Florida (Dive Site is the Eagle Wreck) on Sunday July 6. Dive cost is \$150 plus tax, additional.

Online coursework must be fully completed before the dive date. Minimum Age 15 years old (with parental consent under age 18)
