## Wreck Diver Class!

Online course with required dives in Pompano Beach!

\$150.00 for  
online course and  
certification fee.  
Dive cost is  
additional.

Wreck diving can be one of the most exciting aspects of sport diving, however every effort must be made to maximize safe diving techniques. This course will discuss the equipment and techniques commonly employed while wreck diving.

This course is non-penetration, 2 dives required. This is the same level achievement as in the Advanced Adventure Course and provides a way to gain wreck knowledge and experience without doing some of the other Advanced required dives - such as deep or night diving.

Dive computer, reel/finger spool, audible signal device -whistle, and surface marker buoy required. No equipment provided in cost.

Dives take place in Pompano Beach on Saturday April 26. Dive cost is \$130 plus tax, additional. Online coursework must be fully completed before the dive date.

Minimum Age 15 years old (with parental consent under age 18)
